Catherine H. Giordano Appointed to Old Dominion University Research Foundation Board of Trustees

Virginia Beach, VA, September 10, 2009: Knowledge Information Solutions, Inc. (KIS) President and CEO Catherine H. Giordano has been appointed to the Board of Trustees of the Old Dominion University Research Foundation. The Foundation serves as an agent for sponsored research and other projects conducted by Old Dominion University. It is governed by a Board of Trustees, which is composed of the President of the University, appointed University representatives, and prominent members of the local business and professional community.

"I am particularly pleased to be joining this distinguished team at the Old Dominion University Research Foundation," said Giordano. "Each person on the Board of Trustees is a recognized leader who has made significant contributions in his and her respective fields. I look forward to using my skills and experience in working alongside them to take the Foundation to the next level".

Throughout her career in both private industry and public service, Mrs. Giordano has been responsible for all aspects of administration and operation of government and commercial/private business ventures. Her dedication to public service and her efforts to further minority-owned businesses in their ability to fairly compete and win government contracts have gained her national recognition, invited speaking engagements, and a number of significant awards. Under her leadership, KIS has achieved unprecedented growth as a successful SBA 8(a) Certified, minority woman-owned business offering information technology products, security and managed services to government and commercial entities.

Mrs. Giordano is a founding partner of Women Impacting Public Policy (WIPP). She serves on the WIPP Executive Advisory Board, Procurement Committee and Strategic Design Team, WIPP Instant Impact Advocacy Committee, and Technology Transfer Committee. She also serves on the James Madison University Member-Colleges Executive Advisory Council. Science, Technology, Engineering, Math and Health and Human Services
