B300

ULTRA RUGGED 13" NOTEBOOK

1400 NITs QuadraClear® LED display option
Up to 30 hours of battery life with dual battery system
Intel® Core™ i7 2.9GHz processor
Optional 4G LTE mobile broadband
Fan-less design
MIL-STD 810G and IP65 certified
Backlight keyboard
Dual pass-thru RF option
Customizable media bay
Industry's best 5 year bumper-to-bumper warranty

4th Gen Intel Core Processors.

With the latest Intel Core i5 or Intel Core i7 processor, the B300 rugged notebook was designed for speed and efficiency. Clocking in at up to 2.9 GHz and with Turbo Boost speeds up to 3.6 GHz, the B300 has the power needed for the most demanding tasks.

Longer Battery Life.

One of the most efficient rugged notebooks ever made, the latest B300 offers a truly remarkable battery life of up to 15 hours on a single charge. With the dual battery configuration, the B300 has a battery life of up to 30 hours.

Amazing Graphics.

Intel HD Graphics 4600 delivers amazing graphics performance — ideal for mapping, video applications and multiple monitors. Integrated on a single chip and incorporating advanced 3D processing, the advanced GPU increases the B300 graphic performance by 34% over the previous generation.¹

Blazing Fast Wireless.

With new multi-carrier 4G LTE, you can easily switch carriers without changing hardware.² The B300 also now supports the next generation 802.11ac WiFi for up to three times faster throughput vs the previous generation.

Sunlight Readable Display.

The B300 features an advanced 1400 NITs QuadraClear display. Our QuadraClear solution combines proprietary technologies for both screen brightness and anti-reflectivity to reduce the sunlight's reflectivity and provide an effective contrast ratio seven times better than other displays.

Industry's Best 5-Year Warranty.

The B300 ultra rugged notebook comes standard with the industry's best 5-Year bumper-to- bumper warranty. It's the peace-of-mind protection of knowing you're covered.

GPS and WWAN

Warranty 5 Year bumper-to-bumper warranty standard[‡]

Standard and optional features vary depending on purchased configuration. Specifications subject to change without notice.

Battery life testing conducted under BatteryMark 4.0.1. Battery performance will vary based on software applications, wireless settings, power management settings, LCD brightness, customized modules and environmental conditions. As with all batteries, maximum capacity decreases with time and use and may eventually need to be replaced by a Getac service provider. Battery life and charge cycles vary by use and settings. 24 hours rated battery life rating requires optional media bay 2nd battery.

Testing conducted by Getac September 2013. Performance tests are conducted using specific computer systems and reflect the approximate performance of the B300 rugged notebook at the time

² Data plan required. Cellular data is available in the US on Verizon Wireless and AT&T networks. LTE is available in select markets. Check with your carrier for details. 4G LTE configuration must be ordered at time of purchase.

* Requires MIL-STD 461F 90W AC Adapter sold separately.

memory.

*** For storage, 1GB = 1 billion bytes; actual formatted capacity less.

†† Weight varies by configuration and manufacturing process.

^{**} Computers configured with a 32-bit operating system can address up to 3GB of system memory. Only computers configured with a 64-bit operating system can address 4 GB or more of system

[†] Shared memory size may vary based on operating system and system configuration.
